

Occupy. Resist. Produce. See This Film.

In Argentina, groups of workers are taking over bankrupt workplaces and running them democratically — without bosses. **The Take**, a political thriller directed by Avi Lewis and written by Naomi Klein, is one answer to the question posed by both critics and supporters of radical movements worldwide: "We know what you're against, but what are you for?"

Take this opportunity to see this film in theatres and encourage others. Use it to inspire discussion and to organize action where you are.
